### **a2 biology pdf**

a2 biology Hey guys, so here are the notes I've written for A2 Biology 2016 papers 4 and 5. There are parts where I've written in pencil so it's fairly hard to read, or other places where I've condensed the words too much with symbols, so it probably isn't easy for other people to understand.

a2 biology Blood Glucose Homeostasis Glucose is the transport carbohydrate in animals, and its concentration in the blood affects every cell in the body. Its concentration is therefore strictly controlled within the range 0.8 – 1g per dm<sup>3</sup> of blood, and very low levels (hypoglycaemia) or very high levels (hyperglycaemia) are both serious and can lead to death.
