a life in balance delicious plant based recipes for optimal health 4 SIOF White Paper Series Abstract  
Work-life balance signifies the extent to which an employee experiences feeling fulfilled and having his or her needs met in both work and non-work facets of life. Through experiencing greater work-life balance, individuals report feeling

### **Work Life Balance - Welcome to SIOF**

a life in balance delicious plant based recipes for optimal health Work-life balance is the term used to describe the balance that an individual needs between time allocated for work and other aspects of life. Areas of life other than work-life can be, but not limited to personal interests, family and social or leisure activities. The term 'Work-Life Balance' is recent in origin, as it was first used in UK and US in the late 1970s and 1980s, respectively.

a life in balance delicious plant based recipes for optimal health In photography and image processing, color balance is the global adjustment of the intensities of the colors (typically red, green, and blue primary colors). An important goal of this adjustment is to render specific colors “particularly neutral colors” correctly. Hence, the general method is sometimes called gray balance, neutral balance, or white balance.
