comprehension instruction third edition research based best practices solving problems in the teaching of literacy problem solving and programming concepts A significant body of research links the close reading of complex text – whether the student is a struggling reader or advanced – to significant gains in reading proficiency and finds close reading to be a key component of college and career readiness.

Closing in on Close Reading - Educational Leadership

comprehension instruction third edition research based best practices solving problems in the teaching of literacy problem solving and programming concepts The executive functions are among the last mental functions to reach maturity. This is due to the delayed maturation of the prefrontal cortex, which is not completely myelinated until well into a person's third decade of life. Development of executive functions tends to occur in spurts, when new skills, strategies, and forms of awareness emerge.
