religious politics in global and comparative perspective The last section of the book turns to global issues. It analyzes Christian ethics during the Cold War and the role of Catholicism in communist countries, human rights and development in Africa, and religion as a common global ethic.

### **Religion, Politics and Human Rights: Understanding the**

religious politics in global and comparative perspective intrusion (in education and healthcare for example); popular religion goes global; and religion, like ethnicity, creates new boundaries at an accelerated rhythm, breaching ancient frontiers of nation, culture, language and religion itself through migration, communication, conversion campaigns and political commitment.

### **Religion and globalization - David Lehmann**

religious politics in global and comparative perspective In either case the poser is a non sequitur. Politics should be the arena to engage with the political being of a person, group or class. It is not the arena to engage with the believer or non-believer. I know that the real world is not like that and religion is horribly mixed up with politics.

### **On Religion and Politics**

religious politics in global and comparative perspective Keywords: Role of Religion, Failed Assumptions, International Relations, contemporary global politics, Some Social Scientists 1. The role of religion is to allocate values, through spirituality, promote good life in this world and in the next world, and interpret values through the divine or documented scriptures.

### **The Role of Religion in International Relations; Abdi O**

religious politics in global and comparative perspective The MA Religion in Global Politics offers an opportunity to examine these questions and issues at an advanced level by studying the complex relationships between religion and politics in the histories and contemporary political contexts (both national and international) of the regions of the Asia, Africa and the Middle East.

### **MA Religion in Global Politics Programme Handbook 2016/17**

religious politics in global and comparative perspective within the United States, the commanding influence of religion on political rhetoric and voting patterns seems apparent. From a global perspective, the role that religion plays in American politics is less clear; in fact, one could argue that our political institutions are

decidedly secular.
