space matters exploring spatial theory and practice today 1. Introduction: the spatial optics of three-dimensional security. Securing the vertical space of cities of tomorrow would fundamentally entail more than traditional strategies for vertical patrols and neighbourhood watch.

Three-dimensional security: Layers, spheres, volumes

space matters exploring spatial theory and practice today The authors took about 1200 people from 8 villages " 4 per culture " and got them to do a jigsaw puzzle. The quicker you do it, the better your spatial ability.

Men, Women and Spatial Intelligence - Neuroskeptic

space matters exploring spatial theory and practice today Heterotopia is a concept elaborated by philosopher Michel Foucault to describe certain cultural, institutional and discursive spaces that are somehow "other": disturbing, intense, incompatible, contradictory or transforming. Heterotopias are worlds within worlds, mirroring and yet upsetting what is outside. Foucault provides examples: ships, cemeteries, brothels, prisons, gardens of ...

It's a girl thing: Menstruation, school attendance

space matters exploring spatial theory and practice today Sex differences in psychology are differences in the mental functions and behaviors of the sexes, and are due to a complex interplay of biological, developmental, and cultural factors. Differences have been found in a variety of fields such as mental health, cognitive abilities, personality, and tendency towards aggression. Such variation may be both innate or learned and is often very difficult ...
