the national bee keeping training and extension manual Beekeeping (or apiculture) is the maintenance of bee colonies, commonly in man-made hives, by humans. Most such bees are honey bees in the genus *Apis*, but other honey-producing bees such as *Melipona* stingless bees are also kept. A beekeeper (or apiarist) keeps bees in order to collect their honey and other products that the hive produce (including beeswax, propolis, flower pollen, bee pollen ...

the national bee keeping training and extension manual The Census of Agriculture is a complete count of U.S. farms and ranches and the people who operate them. Even small plots of land - whether rural or urban - growing fruit, vegetables or some food animals count if \$1,000 or more of such products were raised and sold, or normally would have been sold, during the Census year. The Census of Agriculture, taken only once every five years, looks at ...

the national bee keeping training and extension manual Worship. The bee was an emblem of Potnia, the Minoan-Mycenaean "Mistress", also referred to as "The Pure Mother Bee". Her priestesses received the name of "Melissa" ("bee"). In addition, priestesses worshipping Artemis and Demeter were called "Bees". Appearing in tomb decorations, Mycenaean tholos tombs were shaped as beehives. The Delphic priestess is often referred to as a bee, and Pindar ...
